## BENEFITTING CAUSE

### Ascension Wisconsin's Cancer Prevention and Wellness Program

The Cancer Prevention and Wellness Program is a new approach to care with a focus on cancer prevention and early detection. The goal is to connect those at high risk of developing cancer with care teams that will help them understand their genetic factors, empower them to change their behaviors and motivate them to complete their screenings. This is the first program of its kind in Wisconsin. In the Greater Milwaukee area, this program partners with our cancer centers (Reiman, Sherman and Van Dyke) to reduce the burden of cancer in our communities.
